

Welcome to your China Experience

TEFL Panda have been helping teachers find jobs in China since 2010. Currently partnering with schools in over 100 cities across China, with a diverse range of jobs available. From kindergartens and public schools to universities and training centers, from large sprawling cities to quaint rural villages. Contact us today; our service is always fast, friendly and free.

The panda way

We understand that finding a job in China can be both a very exciting but also quite daunting experience. We are here to help. Having placed hundreds of teachers across China we can take you through the process step by step. From understanding your work and living requirements to scheduling your skype interviews, sorting your Z-Visa, booking your flights, arranging airport pick up and giving that all important support for the duration of your stay.

The panda way

Our service is completely free for all our applicants, we have no fees and your contract is held directly with the school, which means your salary is 100% yours.

So how do we survive as a business? TEFL Panda simply take a one off fee from our partnering schools.

Top tips to get your dream job

1. Give us as much detail about the kind of experience you are looking for, this helps us pinpoint which of our schools are best suited to you.

2. Send us a picture that is as formal and friendly as possible. When hiring from across the world your photo is an opportunity to make a good impression!

Top tips to get your dream job

3. Be punctual for your skype interview and check your internet speed beforehand. Recruiting schools do talk to each other. Missing one interview could have an impact on your next!

4. Be flexible. China is full of hidden gems, wonderful cities and friendly people. By having an open mind when looking for a job you may come across something unexpectedly special!

What to do next?

Once you have been in contact and filled out the relevant forms our 'pandettes' will go about the search for you. They love to chat and are available to do so on skype anytime during normal China office hours.

If you would like to speak to a member of our international team (who have a minimum of 5 years experience in China) then let your pandette know and she can book you in for a call.
